

How to Download Notebook 10 Software

1. Go to [smarttech.com](http://www.smarttech.com)

<http://www2.smarttech.com/st/en-US/Support/Downloads/default.htm>

*** remember I can't actually download because I already have it, so hopefully this will work. Let me know if you have success.

!!! If you already have Notebook , take a look at the last 2 pages here for a website to get some cool info on other free downloads. I haven't tried them yet, but plan to.

Download Instructions

IMPORTANT: If you have SMART Response (formerly Senteo) software, follow the download instructions on the SMART Response page to [download SMART Notebook software and SMART Response software](#).

Current customers

If you already have SMART Notebook on your computer and you want to upgrade, update SMART Product Update (SPU) first.

To update SPU

1. Open any SMART software program.
2. Click **Help > Check for Updates**.
3. Click the **Update** button beside SMART Product Update.

SPU updates automatically.

To upgrade SMART Notebook

1. Repeat steps 1 to 2 above.
2. Click the **Update** button beside SMART Notebook.

SMART Notebook updates automatically.

Follow the steps below to download and activate SMART Notebook 10

1. [Obtain a product key](#) to activate SMART Notebook 10.
2. Download SMART Notebook software, either by clicking the [Download](#) button below or the link in the e-mail you received from SMART when you registered for a product key.
3. During the installation process, enter the product key you received from SMART.

NOTE: If you don't obtain a product key, you can use SMART Notebook 10 for 30 days.

Installation Notes

- Don't uninstall the Gallery if you want to keep your previous Gallery content.
- Uninstall any Notebook software and software drivers earlier than version 9.x before you install version 10.
- If you want to install an older version of SMART Response (formerly Senteo) software (service pack 3 or earlier) on the same computer, install it before you install Notebook software 10. You can install [Senteo software SP4](#) at any time.
- See the SMART Notebook [Release Notes](#) for more information about this software release.

Downloads

SMART Notebook 10 software
Complete installation with SMART Notebook service pack 3 and SMART Product Drivers service pack 7

Click the **Download** button to download version 10 to your computer. Follow the on-screen instructions.

After Notebook 10 software is installed on your computer... you can add the other 2 (essentials and toolkit) right from notebook as updates. I didn't do it this way myself, but found this way and it seems really easy.... see next step...

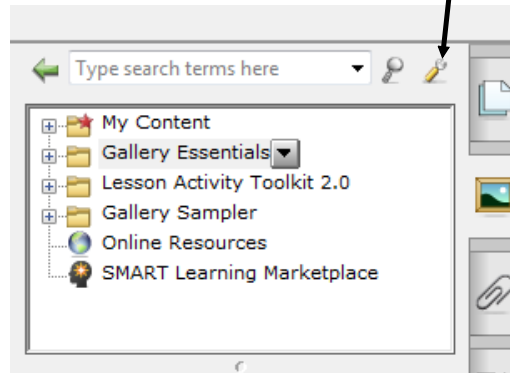

After notebook 10 is installed you can add the Gallery Essentials and the Tool Kit.....

1. Open Notebook and open a Notebook File

2. Go to Picture tab and click on that.

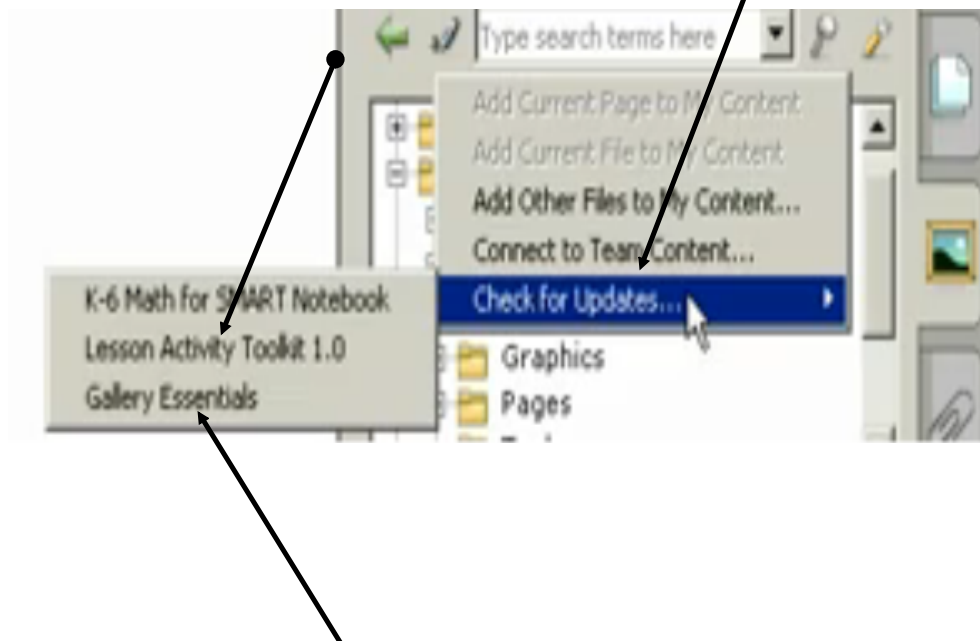

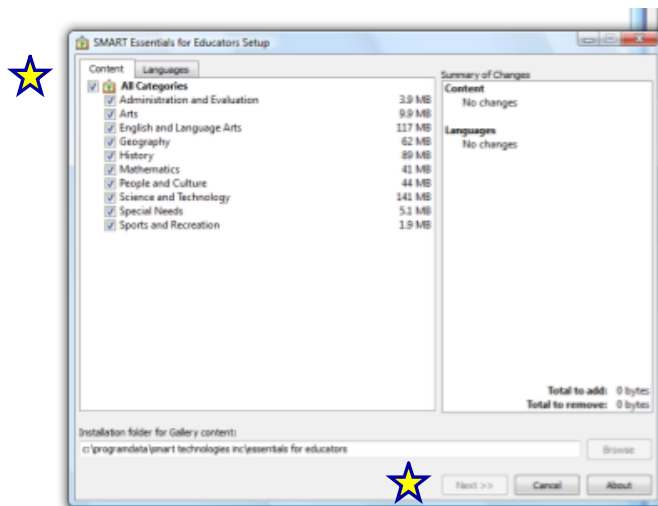

3.. Click on the little yellow handled Wrench icon Top right corner.

Go down to check for updates and slide over to options You should see the last two... Lesson activity Tool Kit and Gallery Essentials. You'll need to do both, one at a time.

*Don't worry that it says 1.0 tool kit

It will take a little bit to come up, but you will get something like this... make sure all boxes are checked and the follow NEXT prompts at bottom. That's as far as I can help.. since I already have. Repeat procedure for Tool Kit... now it says Toolkit 2.0
